Hi Doug -

I do have a few questions.

First, how was this mistake originally made?

Second, I reviewed the information you and/or the Ridden campaign sent to the FEC, and understand that only after the FEC inquired, the report was amended. With the amended report, was there proof included that the funds came from Mrs. Rodden.

Due to the large size of the reported loan, and her amendment only after questions were raised, I feel the circumstances warrant an FEC inquiry into the matter, including a review of evidence such as bank statements. Whether or not proof was provided to the FEC, I would request that you provide it to me so that I could feel comfortable with withdrawing the complaint.

Thanks,

William
