Mr. McAlister -

Just to follow up on our phone conversation, I am working with Georgia Conservation Voters on the Georgia Power rate case and we would like to hold a joint press conference on the date of the next public hearing, 11.25.19 likely around 10 or 11am.

I wanted to see if there is a small conference or meeting room we could use within the PSC offices. I understand you have not dealt with such a request, and if there is not anything available, then we can secure a room in the CLOB, but preferred to be as close to the hearing room as possible.

Thanks for your help,
William

Mr. Perry,

The Chairman is open to allowing you to hold the press conference here, but the only limitation is that the room that we have available will only accommodate 12-15 people so if that is enough room for you then please let me know. Thank You

That should be fine. I may swing by to take a look at it at some point before the 25th. Should I ask for you, or just tell someone I'd like to look at a specific room number?

You can ask for me. If you come to the first floor of the Commission you will be at my office window and either I will be there or my assistant, Pat Welcome, will be there. Thanks

Hello, I apologize because I have not been able to get by to look at the room and won't be until Monday morning, but the size of 12 to 15 people is more than enough. We would definitely like to use it from 10:00 a.m. until noon. Is there a room number or name that I can include in my release? If not, if there's some sort of description?

When you get off the elevator on the first floor you can come to the window and either I will be there or if not me then someone will be there to help you. They will contact Lynn Page, Commissioner McDonald's assistant, who can take you to the room. Unfortunately I don't know the room number but it is on the second floor. Both Tom, our Public Information Officer, and I may be tied up in the Hearing Room with public witnesses at 10:00. Thanks
